

# *Yet*

*Many roads yet to travel*

*Vows yet to keep*

*Many dreams yet to ravel*

*'Til my endless sleep*

*Many sights yet to see*

*Thoughts yet to explore*

*Many things yet to be*

*'Til I am no more*

*For what light may yet glow*

*In a death-shuttered eye?*

*Will I yet even know*

*There once was an "I"?*
